Overview

Managed Print & Document Solutions

Structured Group is a 100% female Indigenous-owned business and Supply Nation certified organisation delivering enterprise-managed print and document solutions for government agencies and large organisations.

We assess, structure, procure, implement and actively govern print environments under a disciplined commercial framework — reducing operational cost, strengthening contractual transparency and ensuring lifecycle accountability across complex, multi-site environments.

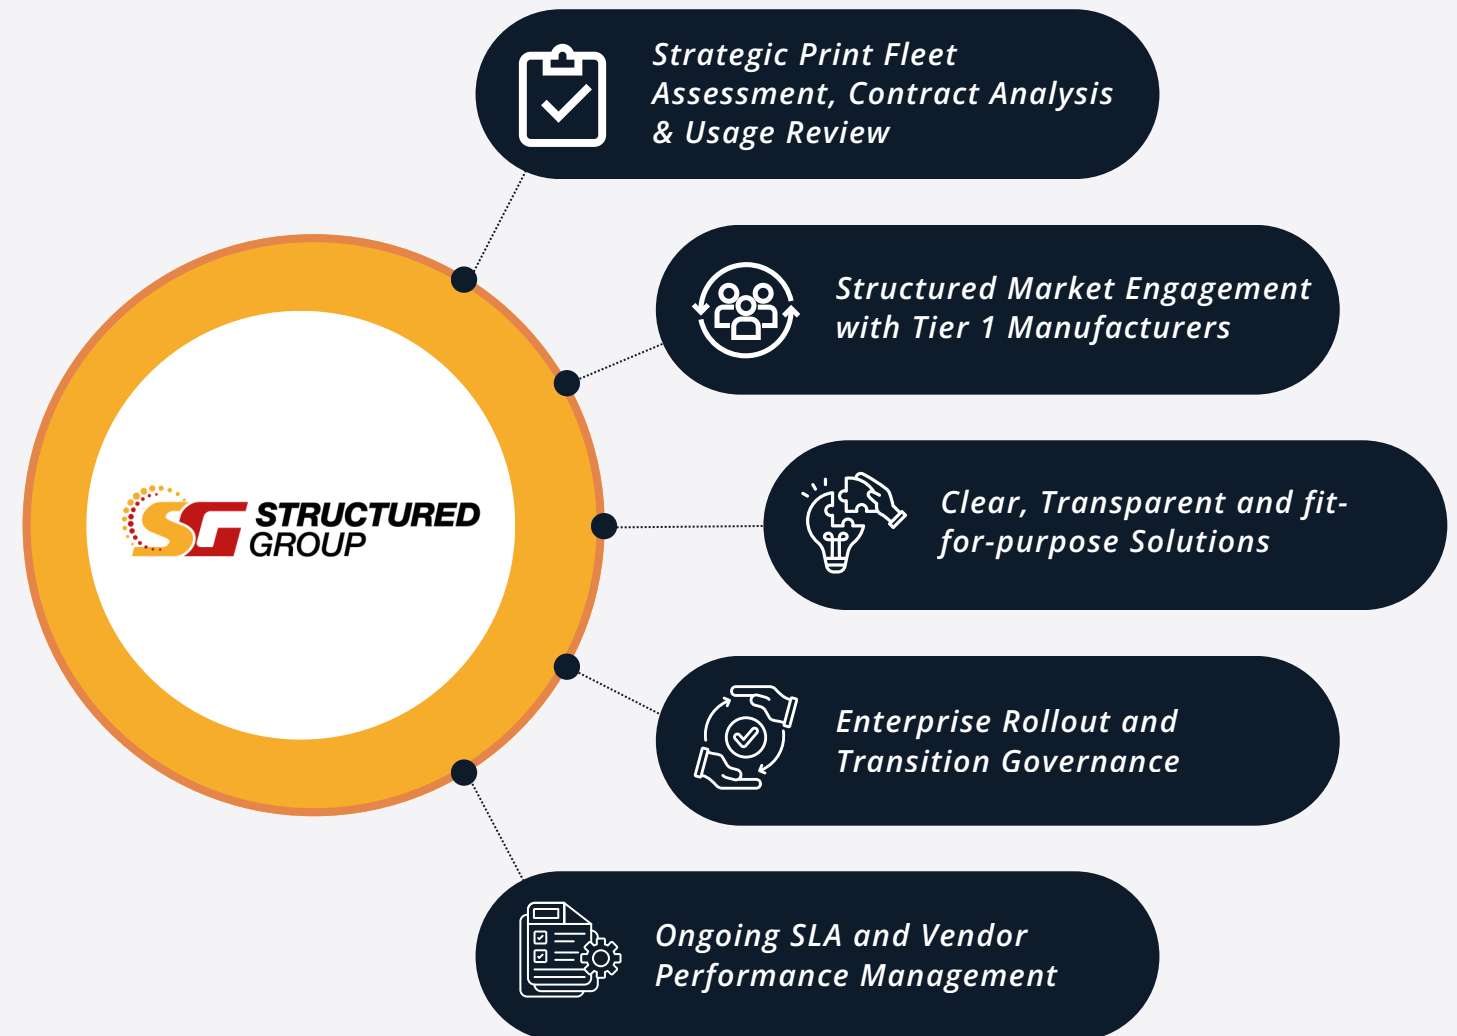

Our delivery model combines enterprise-grade oversight with measurable Indigenous procurement and RAP-aligned outcomes, embedded within a commercially robust and performance-driven managed print service.

Structured Group delivers enterprise managed print solutions governed for performance — with the added advantage of enabling measurable Indigenous procurement and RAP outcomes through a trusted Indigenous-led partner.

Deliverable

Managed Print & Document Solutions

“Independent oversight ensuring procurement decisions serve client objectives — not supplier interests”

ENTERPRISE DELIVERY FRAMEWORK

Assess → Benchmark → Procure → Implement → Govern → Optimise

This lifecycle model ensures accountability from initial review through to long-term performance management.

Global Technology Partners

Cost Reduction
25% - 40%

Ongoing Governance & Optimisation

Partnership
Client side advocacy with independent commercial oversight

Excellence
Market leading technology, support and solutions - from tier 1 vendors.

Integrity
Transparent pricing, agreements and reporting

Empowerment
SLA enforcement and vendor accountability

Future Planning
Proactive asset refresh forecasting aligned to budget cycles and organisational requirements

INDUSTRY EXPERTISE & PARTNERSHIPS

Structured Group’s in-house managed print specialists lead solution design, commercial structuring, implementation governance, and long-term performance management across complex enterprise environments..

We operate with independent commercial oversight — ensuring procurement decisions, pricing models, and service performance remain aligned to client objectives rather than supplier-driven outcomes.

Our capability includes fleet optimisation, contract benchmarking, multi-site rollout governance, SLA management, and lifecycle planning. We partner with leading global manufacturers:

HP | Xerox | Lexmark | Fuji Film | Konica Minolta

This model provides access to Tier 1 technology and national service capability, while Structured Group retains governance control to ensure transparency, accountability, and long-term value.

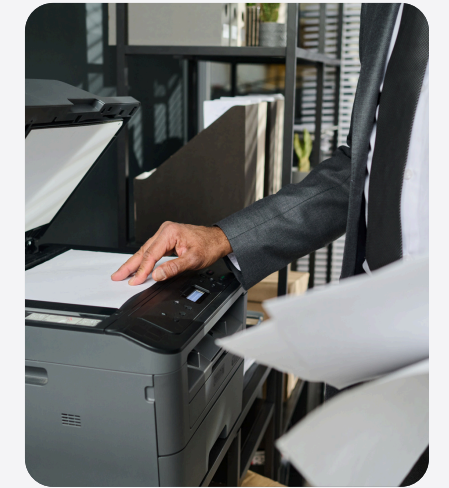

INDIGENOUS PROCUREMENT & RAP ALIGNMENT

Supply Nation Certified

Supply Nation certification verifies Structured Group’s Indigenous business status within Commonwealth and State procurement frameworks.

Support RAP

Supports Reflect, Innovate, and Stretch RAP objectives through Indigenous supplier participation embedded within essential operational spend.

Policy Alignment

Supports compliance with IPP and State supplier diversity targets by embedding Indigenous engagement within governed service contracts.

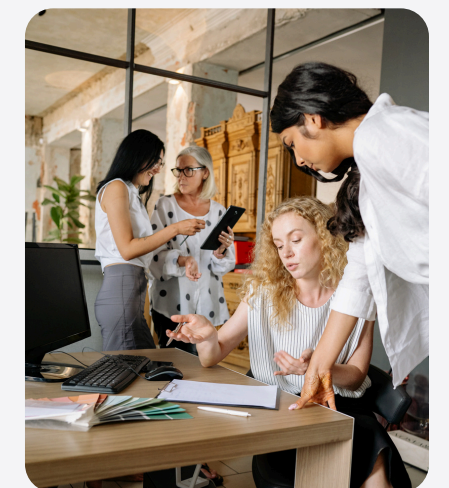

Supplier Diversity

Embeds Indigenous participation within long-term enterprise service agreements, delivering sustained engagement and measurable impact.

Strengthened ESG

Provides measurable Indigenous spend data for annual reports, Modern Slavery statements, sustainability disclosures, and ESG reporting.

ORGANISATIONS WE SUPPORT

Structured Group delivers enterprise-managed print solutions to organisations operating at scale, where governance, cost control, compliance and lifecycle accountability are critical. Our model is best suited to environments with multi-site operations, structured procurement frameworks and organisations committed to supplier diversity and RAP delivery.

Government & Public Sector

- Commonwealth and State Government departments
- Statutory authorities and agencies
- Local government councils
- Public health networks
- Public education institutions

Large Corporate & Enterprise

- ASX-listed organisations
- National and multi-site enterprises
- Financial services and regulated industries
- Professional services firms
- Infrastructure and utilities providers

Health & Education

- Public and private hospital networks
- Tertiary institutions
- Independent and government school groups

Infrastructure, Construction & Property Groups

- National construction firms
- Property portfolio managers
- Facilities management providers
- Asset-intensive organisations

Our model is designed for organisations operating at scale, where procurement integrity, contractual clarity, service performance and measurable Indigenous procurement outcomes must coexist within a disciplined commercial framework.

EXPERIENCE WHERE IT COUNTS

Review & Implementation Expertise

Structured Group brings deep experience in the planning, review, and governance of large-scale managed print solutions across complex environments.

Our in-house experience includes the assessment of existing convoluted agreements and oversight of major print rollouts within healthcare, retail, manufacturing, financial and legal services organisations across Australia, New Zealand and Singapore.

This experience provides clients with practical insight into the operational, commercial and governance considerations required to successfully transition, implement and optimise large-scale print environments.

Ethical Partnership - Enterprise Deliverable

Structured Group helps organisations optimise print environments by converting existing operational technology spend into enterprise-grade performance and measurable Indigenous procurement outcomes.

Independent Client Side Advisory

We act as an independent advocate for our clients, auditing environments, benchmarking the market and protecting commercial interests throughout the procurement process.

Strategic Print Environment Optimisation

Comprehensive assessment of print fleets, contracts, and usage to identify cost savings, efficiency improvements and governance opportunities.

Experience & Expertise

In-house expertise reviewing and governing large-scale print deployments across healthcare, retail, manufacturing, financial and legal sectors throughout Australia, New Zealand and Singapore.

Tier-1 Technology Partnerships

Strategic partnerships with leading global print technology providers including HP, Xerox, Lexmark and Konica Minolta.

Indigenous Procurement Outcomes

As a Supply Nation certified, 100% female Indigenous-owned business, Structured Group enables organisations to convert operational technology spend into measurable Indigenous procurement and RAP outcomes.
